

Let's Light Up Oakwood Lakes

Please join the Oakwood Lakes Holiday Luminary Light Festival this Holiday!

It's time for the 2nd Annual Oakwood Lakes Holiday Luminary Light Festival. Last year was such a big hit, we are embarking on Season 2! Below are the highlights of the Luminary Light Festival that will take place Dec 24 (rain date Dec 31). A detailed email will also go out to the community. Communities across the country participate in this beautiful tradition and these lights can bring much joy and hope for the coming days and year ahead.

When: December 24, 2021 (rain/weather date Dec 31)

What: Dec 18 you will receive your candle kits...10-20 votive candles (number varies if you are a corner lot or non-corner lot), candle bags and sand needed. They will be placed at your mailbox or front door in a plastic bag.

Where: Place the bags approximately 6' apart at the street and light them between 3:30 & 4:30 on 12/24. (If you won't be home at this time, please reach out to a neighbor or contact me below and I will make it happen.)

Why: To bring some brightness and cheer to end this year!

What we need: VOLUNTEERS!!! We have 272 houses in the neighborhood! We need help making the kits and delivering. You will be receiving an email form soon to indicate interest in volunteering. We need as many people as possible.

(if anyone needs Service Hours, I'd be happy to sign any forms or write a letter!)

Check your email for greater detail! Each kit will come with detailed instructions, too! If you do not wish to participate, please text or call 609-472-5727 or email micheleb2326@gmail.com, and we will return to pick up the supplies.
